

Outside of Ohio Legislative Priorities 2020-22

The James A. Garfield Civil War Round Table

Legislative Mission Statement: The James A. Garfield Civil War Round Table, the Regional Civil War Round Table for Southeast Cuyahoga County, Ohio, is committed to seeking legislation and policies that benefits not only the region we serve, and the principle subject-matter that we study and promote, but other cultural organizations, historic sites, and the American People.

District of Columbia: James A. Garfield Memorial Project

- Since 2014, the James A. Garfield Civil War Round Table, and its members, have been in discussions, first with the Office of The Honorable Chris Murphy, United States Senator for Connecticut, and subsequently, with the Office of The Honorable Muriel Bowser, Mayor of the City of Washington, to create a memorial to James A. Garfield commemorating the site of where he was shot on July 2, 1881, at Constitution Avenue and 6th Avenue, near the National Gallery of Art. We are urging the Council of the District of Columbia, and the DC Commission on Arts and Humanities to approve this project, and work with us to move forward with it.

Kentucky: Additional Support for the Middle Creek Battlefield

- The James A. Garfield Civil War Round Table would support any efforts by the Kentucky State Legislature and/or the Kentucky Commonwealth Historical Agency to commemorate James A. Garfield's service (and command of Union forces) at the Battle of Middle Creek, and would support any efforts to enhance the State Battlefield Park.
